Nova Scotia Film Industry Tax Credit

NSFDC

The Nova Scotia Film Industry Tax Credit is a labour-based incentive designed to encourage productions to employ Nova Scotian film personnel.

The Tax Credit is calculated as the lesser of 30% of eligible Nova Scotian labour costs or 15% of the total production costs for productions that occur in the Halifax region ("Metro Halifax") or the lesser of 35% of eligible Nova Scotian labour costs or 17.5% of total production costs for productions that occur in other regions ("Regional Zones") of the province.

Regional Zones of the province are considered to be those locations that are located 30km driving distance or more from Halifax City Hall. For greater clarity, this area is bounded by the Mount Uniacke exit of Highway 101; the Halifax International Airport exit off Highway 102; the Tantallon exit of Highway 103; and the Porters Lake exit off Highway 107. The Regional bonus is prorated based on the number of days that principal photography is shot outside the Halifax Region.

The Tax Credit is available to qualifying productions and co-productions produced and/or shot in Nova Scotia. Production companies applying for the Tax Credit must have a permanent establishment in Nova Scotia (a fixed place of business, a production office, a branch etc.) and must be incorporated under the laws of Nova Scotia, another province of Canada, or Canada.

Eligible media include television, cinema, videotape or non-theatrical productions. The genre may be drama, variety, performing arts, animated series, informational series, and/or documentary or music programs. There is no limit on the size of the production budget, no corporate or asset cap, and no Canadian content or copyright ownership requirements associated with this Tax Credit. The Nova Scotia Tax Credit is not reduced by any other tax credits received by the production.

The Nova Scotia Film Development Corporation (NSFDC) is pleased to present the sixteenth edition of the Nova Scotia Film and Video Production Guide. This book contains essential resource information and comprehensive listings of companies and individuals involved in the film and video industry.

The guide is divided into sections: NSFDC; Filming in Nova Scotia, an overview of useful information about Nova Scotia; Personnel listings by profession; Producers; Production Companies; Production Services; and Support/Resource Service listings. For quick reference the index includes telephone numbers for all personnel listings; there is also a separate index for all advertisers in the guide. If you are eligible to be listed, but are not included, please check for the detachable listing request at the back of the guide and forward it to the NSFDC.

The NSFDC was established in 1990 to stimulate investment, employment and growth in the film and video industry in the province, while facilitating recognition of Nova Scotia's locations, skills and creativity in global markets. The Corporation is a member of the Association of Film Commissioners International (AFCI) and, as such, provides a wide range of services for producers looking to shoot in the province.

Production inquiries and requests for location information should be directed to the Locations Officer at the NSFDC.

LETTER FROM THE CHIEF EXECUTIVE OFFICER

Dear Friends,

Nova Scotia has a vibrant film and television industry. The province boasts spectacular locations, first-class crews, attractive financial incentives, and the infrastructure required to meet all of your production needs. We invite you to visit our beautiful province and see first-hand all it has to offer.

Nova Scotia has hosted such movies as *The Weight of Water* starring Elizabeth Hurley and Sean Penn, *La Veuve de Saint-Pierre* starring Juliette Binoche and Daniel Auteuil, *The Shipping News* starring Kevin Spacey, Judi Dench, Cate Blanchette and Julianne Moore, *K19: The Widowmaker* featuring Harrison Ford and Liam Neeson, to name a few. The province also plays the backdrop for many television movies of the week.

Nova Scotia's film production industry is the fourth largest in Canada, consistently achieving levels in excess of $100 million in each of the last five years. The crews rate among the best in the country, and its filmmakers are recognized with international awards, including a recent Oscar for producing the Best Documentary Feature, *Bowling for Columbine*.

Complementing the metropolitan vibrancy of Halifax, the province's capital city, the rest of Nova Scotia offers a quaint charm and relaxing quality of life enjoyed by many visiting film professionals.

At the Nova Scotia Film Development Corporation we value your business and are here to provide seamless service for all your production needs. Our Locations Department is committed to handling your inquiries promptly and efficiently. It is our goal to ensure that you remember your stay in Nova Scotia for all the right reasons.

See you in Nova Scotia!

Ann MacKenzie, CA, CPA
Chief Executive Officer

NOVA SCOTIA FILM DEVELOPMENT CORPORATION

The Nova Scotia Film Development Corporation (NSFDC) was established in 1990. The NSFDC's mission is to grow the film and video industry in Nova Scotia with our partners by stimulating investment and employment, and by promoting Nova Scotia's producers, productions, locations, skills and creativity in global markets.

Nova Scotian producers may apply for loans, equity investment and training assistance. These programs apply to film, video and new-media productions. To qualifying projects, a refundable tax credit is also available.

PROGRAMMING:

Equity investment is available to qualifying Nova Scotian productions on the following tiers:

- under $500,000: up to 40% of expenditures, to a maximum of $150,000
- $500,000–$1 million: up to 33% of expenditures, to a maximum of $200,000
- over $1 million: up to 20% of expenditures, to a maximum of $250,000

Loans are available to support script and project development, for up to 1/3 of approved costs, to a maximum of $15,000 per project.

A tax credit of up to 35% of allowable Nova Scotia labour expenditures, to a maximum of 17.5% of the total eligible budget, is administered by the NSFDC.

Criteria and application information are available through:

ACCESS TO NOVA SCOTIA

AIR

Nova Scotia is connected to the rest of North America and to Europe by major airlines. Air Canada provides daily flights from most Canadian cities and from New York and Boston, with connections within Atlantic Canada and worldwide. Nova Scotia is well serviced with scheduled flights from continental Europe through London.

There are three regularly serviced major airports in the province: Halifax, Sydney and Yarmouth. Other smaller airports (some seasonal) and airline phone numbers are listed in the Guide. See Airports and Airlines.

FERRY SERVICE

Yarmouth, Nova Scotia, is connected by ferry to Bar Harbor and Portland, Maine (May to October). The ferry from Saint John, New Brunswick, provides convenient year-round access to the Annapolis Valley through Digby. Prince Edward Island is connected by ferry from Caribou (May to December). The ferry from Newfoundland arrives in North Sydney. Many small islands and shortcuts are serviced by small car and walk-on ferries. Halifax and Dartmouth are connected by two passenger ferries.

HIGHWAYS

Nova Scotia has a network of well-maintained highways connecting the major centres. Most major highways have posted speed limits of 100 km/h (62 mph).

Driving time from the Maine/New Brunswick border to Nova Scotia (distance of 197 miles/315 km) is about four hours.

SHIPPING

Nova Scotia is ideally positioned to take advantage of the trans-Atlantic trade routes.

It is both a primary east coast port of entry and a base for feeder lines serving Canadian and American ports. Cruise ships call at Nova Scotian ports in the summer months.

Waterfront industries include petroleum refining, shipbuilding and repair, Coast Guard and Canadian Forces (navy and air force) bases, an automotive shipping terminal, Bedford Institute of Oceanography, fish processing, diving operations, yacht marinas, sport fishing and whale watching.

TRAIN

Passenger and freight services link Halifax to Montreal via Truro and Amherst.

The CN terminal that ends at the Port of Halifax includes grain elevators and bulk cargo facilities.

HISTORY

Plentiful fish and furs lured the English and French to battle over the New World. In Nova Scotia, restorations and re-creations reflect this colourful history. See Museums.

The Habitation at Port Royal, built for explorer Samuel de Champlain in the 1600s, was the earliest European colony north of Florida. Reconstruction of the French fur trading post was true to the techniques used in 17th-century France. Throughout the buildings, the framework has been mortised, tenoned and pegged together.

Louisbourg, a massive stone town and fortress, contains over 50 buildings restored to their original condition. Over 250 years ago it was the largest French fortress and naval base in North America. Today it is the largest historical reconstruction in Canada. The homes, storehouses, inns, cabarets and the King's Bastion re-create the 18th century.

Halifax was founded in 1749 to establish British strength in the North Atlantic and the city retains a flavour of the past. Modern office and apartment towers are a striking contrast to old stone and wooden buildings. Georgian mansions, Victorian government buildings and High Street row housing evoke England and Scotland of the past and present. The impressive fortifications of the Halifax Citadel are situated on a hill overlooking the heart of the city. The twin cities of Halifax and Dartmouth, located on opposite sides of the second-largest natural harbour in the world, are linked by two bridges and passenger ferries.

Historical restorations of early North America abound. New England Planters and Loyalists built houses similar to the colonial homes of the northeastern United States, from saltbox to Georgian brick. Sherbrooke Village is a restored lumbering town of the 1800s with a working water-powered sawmill and 25 buildings on their original sites. Coal miners in 1850 would have lived in a company town like the village at the Glace Bay Miners' Museum in Cape Breton.

Nova Scotia has over 50 museums, restored inside and out, as well as converted sites still in commercial, residential and recreational use, such as Historic Properties in Halifax (renovated dockside warehouses of the 1800s) or Lunenburg's elementary school (an ornate Victorian woodframe).

TOPOGRAPHY

Bodies of water almost surround Nova Scotia where the coastline stretches for 7,400 kilometers. The indented coast defines the look and feel of the province. The warm Northumberland Strait borders green farmland, interspersed with sandy beaches–or ice floes in late winter. In the Bay of Fundy the world's highest tides slip past sandstone bluffs and basalt rock formations, temporarily stranding boats on red mud flats. By times, the Atlantic Ocean laps at the shores of protected inlets or smashes against the granite boulders that jut into the sea. Northern Nova Scotian shores are subject to pack ice and occasional icebergs in the early spring.

Nova Scotia's landforms have been ground and polished by wind, water and ice. Prehistoric volcanoes are now rounded highland peaks etched with highways (Cape Breton, Antigonish, Wentworth). Basalt flows underlying the North Mountain ridge protect the lush fruit-growing and farming region of the Annapolis Valley from the Bay of Fundy winds.

Ice Age glaciers carved deep harbours and left the province dotted with lakes. Granite boulders, the debris left by receding glaciers, are strewn about an eerie moonscape setting around Indian Harbour, Peggy's Cove and West Dover. From dense stands of forest to lush agricultural valleys to scrubby coastal areas, the vegetation is enchantingly varied. Brilliant foliage colours the landscape in September and October.

WEATHER • TIDES • ROAD REPORTS

CLIMATE

Weather service phone numbers are listed under Weather/Tides/Road Reports.

The proximity of the Atlantic Ocean has a moderating effect on Nova Scotia's climate.

Winter temperatures rarely fall to extreme low values except in the presence of a rapid influx of Arctic air. Measurable accumulation of snow begins in late December and may last until April, although snow is not always on the ground through the winter season. Spring is chilly and damp due to southerly winds while sea fogs can persist into early summer. Summertime maximum temperatures are comfortable. Air flows off the warmer parts of the continent make late summer and early autumn generally the best for outdoor activities. During this season, spent hurricanes from the Caribbean can churn up the coastline, causing spectacular seas and high winds.

Fresh and salt water temperatures are most suitable for swimming from the end of June to mid-September.

Temperature variations and snowfall accumulations are greater in inland areas.

AVERAGE SEASONAL TEMPERATURES

Season	*Celsius (High/Low)*		*Fahrenheit (High/Low)*	
Spring (May)	10 to 16	2 to 6	50 to 61	36 to 43
Summer (July/August)	20 to 25	10 to 14	68 to 77	50 to 57
Autumn (October)	12 to 15	2 to 8	54 to 59	36 to 46
Winter (Jan/Feb)	-2 to 1	-13 to -6	28 to 34	9 to 21

0° Celsius = 32° Fahrenheit
20° Celsius = 68° Fahrenheit

SEASONAL CLIMATIC CONDITIONS

Month	Weather
Late March to mid-April	Days growing milder, evenings cool. Snow disappearing.
Late April to mid-May	Warm days, cool nights. Countryside becoming green.
Mid-May to June	Warm days, cool nights.
July and August	Warmest summer months.
September	Days warm, evenings cool.
October	Cool. Fall foliage at height.
October to mid-November	Cool. Fall foliage.
Late November to December	Cool, frosty winter. First snow by mid-December.
January to March	General winter conditions.

REGULATIONS: CANADA CUSTOMS

GOODS ENTERING CANADA TEMPORARILY

Goods entering Canada temporarily may or may not be subject to duties and/or taxes depending on whether or not certain conditions are met. Customs should be contacted prior to importation to discuss these conditions as well as entry requirements, documentation and importers' responsibilities.

In this regard, please contact::

Robert Graham (902) 426-9646
Customs Client Services, Halifax, NS Fax: (902) 426-8825

REGULATIONS: CITIZENSHIP & IMMIGRATION

It is a Government of Canada policy that only Canadian citizens and permanent residents automatically have a right to work in Canada.

Persons who have obtained temporary employment authorizations from Citizenship and Immigration Canada are also entitled to work in Canada. These authorizations are issued at Canadian Consular offices abroad and, in the case of nationals or residents of the US, Greenland and St. Pierre and Miquelon, at Canadian ports of entry.

Human Resources Development Canada (HRDC) is responsible for validating that Canadian citizens or residents will not be adversely affected by permitting foreign workers to fill available positions.

PROCEDURES FOR OBTAINING EMPLOYMENT AUTHORIZATION(S):

Human Resources Development Canada (HRDC) conducts the validation process. Film and television producers (employers) who wish to bring foreign workers to work in Canada must contact the Human Resources Centre. HRDC continues the necessary liaison with Immigration and provides the employer with appropriate instructions.

To ensure expeditious processing of an employment validation, the employer will be required to provide the following information:

- employer name/contact person of production company, address and telephone number
- third party representing employer (if applicable), name, address, telephone number plus letter from the employer authorizing third party to act on their behalf
- name and brief description of film
- approximate number of Canadians to be hired and occupation(s) for which they will be hired
- filming location(s)
- approximate duration of filming—dates: from/to
- approximate number of foreign workers requested and occupations involved
- indication of Canadian guilds/unions contacted re: employing Canadians

*Note: Concurrence, in writing, must be obtained from unions/guilds for each foreign worker. It is the responsibility of the employer to contact the guild/union for this concurrence.

The following information is required by HRDC in order to complete a validation document on behalf of a foreign worker:

- complete legal name
- complete home address
- date and country of birth
- citizenship
- occupation, and job description for shoot in Canada

- résumé of qualifications
- entry information including port of entry or embassy for processing; mode of transportation (vehicle/air), date of entry, flight number, ETA and air terminal number are required.

Initially, a four-week lead time is necessary to permit adequate consultations between HRDC staff, Immigration officials, the film and television producers (employers), and, if applicable, union and guild representatives. The purpose of these consultations is to determine the availability of qualified Canadian workers to fill jobs for which foreign workers are being requested. This is necessary to ensure that job and career opportunities for Canadians will not be adversely affected by the entry of the foreign worker(s).

When a positive decision is made, the responsible HRDC Centre will validate the offer of employment and notify the appropriate Consular or port of entry office. The employer will advise the foreign worker(s) to contact the appropriate Canadian Consulate or port of entry where the worker(s) will be advised of any further steps necessary for the issuance of employment authorization(s).

There is a processing fee of $150 (payable in Canadian funds) for each employment authorization.

Foreign Worker Program:

Charlie Dixon, Manager	(902) 426-8229
Elsie Covey	(902) 426-7140
Melba Graham	(902) 426-0531
Debbie Poirier	(902) 426-3123
	Fax: (902) 426-4096

Human Resources Canada Centre
1597 Bedford Highway
P.O. Box 44176
Bedford, NS B4A 3Z8

REGULATIONS: OCCUPATIONAL HEALTH & SAFETY

The Nova Scotia Department of Environment and Labour has adopted the *Health and Safety Guidelines for the Nova Scotia Film and Production Industry*, which were developed in co-operation with management and labour from the film and video industry. These guidelines are the accepted industry practices and will be referred to in conjunction with the requirements of the Occupational Health and Safety Act and all associated regulations.

Nova Scotia Department of Environment and Labour:

General Inquiries	(902) 424-8400
Labour Standards Division	(902) 424-4311
Fire Marshall	1-800-559-3473
	(902) 424-5721
Occupational Health and Safety	1-800-952-2687
(Explosives Handler Certification)	(902) 424-5400

ANIMALS

The Nova Scotia Society for the Prevention of Cruelty (SPCA) has assisted the Department of Labour in adopting specific guidelines for the use of animals in the film and video industry. In guideline #22 of the Health and Safety Guidelines for the Nova Scotia Film and Video Production Industry it states:

"Any production company intending to use any animal in a film must consult the Nova Scotia SPCA well in advance for detailed advice regarding the care of the specific animal involved."

For further information please contact the following:

The Nova Scotia Society for the Prevention of Cruelty
1600 Bedford Highway, Suite 422
Bedford, NS B4A 1E8
Jessica Hunt, Chief Provincial Investigator

(902) 835-4798
Fax: (902) 835-7885
e-mail: animals@spcans.ca
www.spcans.ca

REGULATIONS: PERMITS

FILMING PERMITS

Filming permits are not required, except in the case of federal, provincial or municipal park or museum sites (see below). Permits may be required for any filming that encroaches on streets or sidewalks, or otherwise obstructs traffic and pedestrians.

AIRPORTS

Production companies wishing to film at airport locations must make a written request outlining the desired locations, dates, times, etc. to the appropriate federal authority. See *Airports*, page 201.

Marketing and Business Development
Halifax International Airport Authority
Carol Mackie

(902) 873-1420
Fax: (902) 873-4750

EXPLOSIVES

Special effects requiring the use of explosives are regulated federally by the Department of Natural Resources, under the Minerals, Metals and Explosives Act and provincially by the Department of Labour under the Occupational Health and Safety Act (see Government of Canada and Government of Nova Scotia, in the Support/Resources section). Qualified F/X technicians from out of province should contact these authorities.

PARKS OR MUSEUMS

Production companies planning to film in a federal park location must get the permission of the park superintendent. See *Museums and Restored Sites*, page 233.

POLICE: OFF-DUTY

Production companies should notify the appropriate police department of their filming plans as far in advance as possible. Off-duty police officers may be hired by the productions to facilitate street filming.

In Halifax: any requests for extra duty police officers should be made through the office of the extra duty coordinator between the hours of 8:00 am and 3:00 pm, Monday through Friday. After 3:00 pm and on weekends and holidays, all calls should be made to (902) 490-5016, where a call-taker will relay your request to the Sergeant on duty in the Charlie Office.

Any requests for extra duty police officers must be made at least 72 hours prior to the actual event.

All extra duty jobs will be paid through the payroll system. Members cannot accept cash payments for any extra work. There will be an administrative fee of 3% added to the regular rates for Constables and NCOs hired for extra duty. 15% HST will also be collected.

For further information and for productions requiring police vehicles in Halifax, contact:

Velarie Moulton, Extra Duty Coordinator — (902) 490-5039
or Constable Harvey Conrad — Fax: (902) 490-5035

ROAD CLOSURES: MUNICIPAL

To organize the necessary authorizations in Halifax, production companies are urged to contact the Halifax Regional Municipality. See *Municipal Authorities*, page 231.

ROAD CLOSURES: PROVINCIAL

Production companies planning to film on or along provincial streets and highways, those public roadways outside the boundaries of incorporated cities and towns, must receive permission from the appropriate District Director or Traffic Authority who has responsibility for the public highway(s) on which the proposed film locations are located.

Central District: Halifax and Hants Counties
Jim Jerram: District Traffic Authority — (902) 424-6702
20 Mann Street, Bedford, NS B4A 2W5 — Fax: (902) 424-7116

Western District: Lunenburg, Queens, Shelburne, Yarmouth, Digby, Annapolis, and Kings Counties
Joe Crowell, District Traffic Authority — (902) 527-5976
P.O. Box 409, Bridgewater, NS B4V 2X6 — Fax: (902) 543-5596

Northern District: Cumberland, Colchester, Pictou Counties
George Lantz: District Traffic Authority — (902) 893-5780
P.O. Box 218, Truro, NS B2N 5C1 — Fax: (902) 893-8175

Eastern District: Antigonish, Guysborough, Inverness, Victoria, Richmond, Cape Breton Counties
Bruce Fitzner, District Director — (902) 563-2250
P.O. Box 1180, Sydney, NS B1P 6J9 — Fax: (902) 563-0540

TAXES: HARMONIZED SALES TAX (HST)

The 15% Harmonized Sales Tax (HST) is a value-added tax, which has replaced the federal 7% goods and services tax (GST) and the provincial 11% sales tax in Nova Scotia. Virtually all goods and services acquired in Nova Scotia for use in film production, other than employee payroll and basic groceries, are subject to the 15% HST.

A production company which does not normally carry on business in Canada is entitled to recover the HST or GST paid on property that is exported from Canada and on other goods and services acquired for consumption or use exclusively in the production of copyright-protected work. Storage and shipping costs are not eligible, and all copies of the work must be exported.

Application may be made by using the form General Application for Rebate (GST189). The rebate may also be assigned to suppliers so that they do not have to collect the HST. More information and a sample assignment letter are contained in the publication Doing Business in Canada: A Guide for Non-Residents. A rebate may also be claimed by non-resident individuals for the HST or GST they pay on short-term accommodation while in Canada, and for the personal goods they export. Details and application forms are available in the pamphlet Tax Refund for Visitors. Original receipts must be submitted with both types of rebate claim.

A production company, whether resident or non-resident, which makes a sale (or rental or exchange) while carrying on business in Canada may be required to become a GST/HST registrant. A company which carries on business in Canada but makes no sales may still be entitled to register voluntarily. Registrants will collect tax on sales in Canada but will be able to claim tax credits on their expenses. Registrants file returns on a monthly, quarterly or annual basis and must retain adequate books and records. Because non-resident producers who make few sales in Canada may usually be in a refund position, it may be to their advantage to elect a monthly filing frequency. Production companies that do not ordinarily carry on business in Canada are not able to become GST/HST registrants but may be entitled to the tax rebate on exported goods outlined above.

For forms or publications, for more information, or to register for the HST contact:

Canada Customs and Revenue Agency — 1-800-959-5525
Revenue Canada — Fax: (902) 426-7170
Ralston Building
1557 Hollis Street, P.O. Box 638
Halifax, NS B3J 2T5

TAXES: INCOME TAX (WITHHOLDING)

A production company may hire and pay income to individuals, partnerships and/or corporations in the production of a film. If the company hires non-residents for services performed in Canada in an employment or self-employed situation, the company will be required to make deductions as required by the Income Tax Act.

Non-resident employees usually have the same amount of tax deducted at source as Canadian residents. Employers must deduct and remit the tax to Canada Customs and Revenue Agency, and report the amounts on a T4 Summary and related T4 Supplementary form.

When non-resident individuals, partnerships or corporations provide services in Canada, they have to pay a withholding tax (15% for crew, 23% for talent) on fees, commissions or other amounts they receive. The payers of these amounts have to deduct the withholding tax and send it to Canada Customs and Revenue Agency, regardless of whether they are residents or non-residents. The payer also has to report the tax deducted on a T4A-NR Summary and related T4A-NR Supplementary form.

If a tax treaty exists between Canada and the non-resident's country of residence, it may provide some relief from Canadian tax. Under the tax treaty between Canada and the US, US residents can usually apply the income tax they paid in Canada against their taxable income reported in the US.

We accept collect calls. To register for withholding taxes or more information contact:

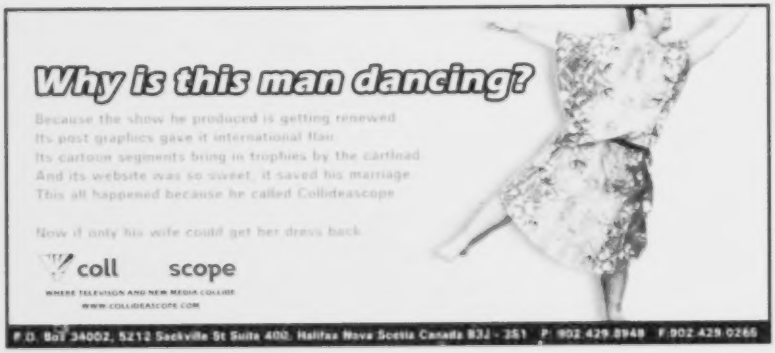
Collideascope is a producer of television and interactive media for the children's, youth and young adult markets. We are open for national and international co-production opportunities to partner on television projects and/or their new media components.

Credits: *Olliver's Adventures* (14 x half-hour), *The Heart of Laughter*, *Mercy*, *Ground Zero* (pilot), ollieland.com, itchTV.com.



Why is this man dancing?
Because the show he produced is getting renewed.
Its post graphics gave it international flair.
Its cartoon segments bring in trophies by the cartload.
And its website was so sweet, it saved his marriage.
This all happened because he called Collideascope.
Now if only his wife could get her dress back.

MUSEUMS AND RESTORED SITES

P–PROVINCIAL

Nova Scotia Museum locations are always in demand for filmmaking. The Nova Scotia Museum will make its collection and facilities available for film and video production in recognition of the potential educational and economic benefits to the province. In so doing, it will ensure that the security of the collections is not threatened and that usual public access to the collections and programs of the Museum is not disrupted. Film and video producers inquiring about the use of any of the provincially owned Nova Scotia Museum sites first must contact the appropriate film and video coordinator.

October 16–May 31: (902) 424-7398
http://steammill.museum.gov.ns.ca

A steam-powered sawmill and woodworking shop restored as it looked upon completion in 1894.

Uniacke Estate Museum Park P
758 Main Road
Mount Uniacke, NS B0N 1Z0
Alan Dauphinee

June 1–October 15: **(902) 866-2560**
October 16–May 31: (902) 424-7398 or (902) 798-5619
e-mail: dauphiar@gov.ns.ca
http://uniacke.museum.gov.ns.ca

A fine example of colonial architecture in an estate setting, Uniacke House is a grand Georgian country house built 1813–15. The house contains original furnishings: great four-poster beds, dressers and wash-stands in the upstairs bedrooms. A vivid glimpse of 19th-century life among Nova Scotia's gentry. 2,300-acre estate with extensive walking trails along lakeshore and in wooded areas. Basement area is now Post Road Tea Room and Gift Shop.

Wile Carding Mill Museum P

e-mail halifax.citadel@pc.gc.ca
http www.parkscanada.gc.ca

Overlooking the entrance to Halifax Harbour, six kilometres from downtown Halifax, this 71-hectare site contains late 18th-century structures such as a Martello tower, powder-magazine and loop-holed wall. The command post served as the nerve centre of harbour batteries in World War II. York Shore Battery, built to defend the submarine net that stretched to MacNab's Island, is situated on the shore cliffs.

Town of Lunenburg

A UNESCO WORLD HERITAGE SITE

Founded in 1753, Lunenburg's original architecture and streetscapes spanning three centuries have remained intact. Lunenburg has won international recognition as a NATIONAL and UNESCO WORLD HERITAGE SITE and prize filming location for its historic streetscapes and natural setting.

Lunenburg boasts a spectacular waterfront straddling a peninsula with shorelines on two harbours. Its shipbuilding and working harbour contributes to the Town's unique atmosphere. Lunenburg's shipwrights constructed replicas of the *Bluenose*, *H.M.S. Bounty* and *H.M.S. Rose* — the world's largest working wooden tallship.

Lunenburg has proven to be a film friendly Town. It has a vast resource of film locations, skilled film personnel, suppliers and Nova Scotia's most experienced boat wranglers.

Some of the Town's film credits include *Shattered City*, *Blue Moon*, *A Town Without Christmas*, *Sea People*, *A Rumor of Angels*, *Simon Birch*, *Dolores Claiborne*, *Two if by Sea*, and *The Little Kidnappers*, numerous television advertisements and documentaries.

Excellent production facilities, dining, lodging and other amenities are available in Lunenburg to meet your filming needs. Lunenburg is a short drive to Halifax and the International Airport making it an excellent film base.

The Town of Lunenburg is the recent winner of: *Port City of the Year*; *Communities in Bloom*; *Prettiest Painted Places in Canada*; and the *Society of American Travel Writers Award*.
